

Interviews with Patients Diagnosed with Primary Mitochondrial Myopathy

IRB Approved
Study Level
Sep 7, 2023

Please help us to “capture the patient’s voice”!

#38372261.0

Clinical Outcomes Solutions (COS) a research consultancy, is conducting interviews with patients aged 18 years and older who have been diagnosed with Primary Mitochondrial Myopathy (PMM).

We would like to talk to **you** about your experience of living with PMM and gather your feedback on questionnaires that are being used in the clinical setting of PMM treatment.

#38372261.0

Here is some useful information about the interview:

- ◆ The interview will take **approximately 60 minutes**.
- ◆ The interview will be conducted via **secure online web-assisted system (Zoom) or phone** and **audio-recorded, no video needed**.
- ◆ The Interview will be scheduled at a time and date that is **convenient to you and can be done from your own home**.
- ◆ You will be compensated for your time
